THE BEST SATISFYING Its Introduction and World-renowed reputation was the death-blow to highpriced machines. THERE ARE NO SECOND-HAND WHITE MACHINES IN THE MARKET. This is a very important motter, as it is a well-known and undisputed fact that many of the so-called first-class machines which are offered so cheap now-a-days are those that have been repossessed (that is, taken back from customers

after use) and rebuilt and put upon the market THE WHITE IS THE PEER OF ANY SEWING MACHINE NOW UPON THE MARKET.
IT IS MUCH RANGER THAN THE FAMILY MACHINES OF THE SINGER, HOWE AND WEED MAKE IT COSTS MORE TO MANUFACTURE THAN EITHER OF THE AFORESAID MACHINES.

ITS CONSTRUCTION IS SIMPLE, POSITIVE AND ITS WORK MANSHIP IS UNSURPASSED. Do not Buy any other before trying the WHITE.
